IMPORTANT NOTIFICATION:
QUALIFYING VERSUS NON-QUALIFYING FOREIGN RECIPROCITY CANDIDATES

The United States of America has agreements with a select few countries that allow their accounting graduates to qualify for foreign reciprocity; this is called the Mutual Recognition Agreements. These agreements allow foreign accountants who graduated, licensed, and practiced in select countries to take an alternative examination and fulfill ALL state board requirements (Please, go to Idaho State Board of Accountancy to learn more) and receive credential evaluations, which is different from other foreign accountants that are not a part of the Mutual Recognition Agreements. Countries that are accepted in the Mutual Recognition Agreement are:

- Institute of Chartered Accountants in Australia
- Canadian Institute of Chartered Accountants
- Canada, Mexico, and United States Memorandum of Understanding
- Chartered Accountants Ireland (formerly the Irish Institute of Chartered Accountants)
- Instituto Mexicano de Contadores Publicos
- New Zealand Institute of Chartered Accountants
- Hong Kong Institute of Certified Public Accountants

If you received your credentials from one of these countries/institutes your licensing pathway will be different than most foreign educated accountants wishing to seek licensing in the U.S. Please, contact the Idaho State Board of Accountancy for a detailed overview of your process. If you do not qualify for the Mutual Recognition Agreement, continue to the next page to start the process overview.
